

Compliance Brainshark Presentation

Staying compliant when marketing Medicare products is a key CMS requirement. Potential consequences of engaging in prohibited or inappropriate marketing activities include disciplinary action, compensation forfeiture, and possible termination.

Be sure to see our Brainshark presentation called [Introduction to Compliance](#). This Brainshark **houses important resources all in one place and provides an overview of Compliance basics**. It includes where to find the full Medicare Communications and Marketing Guidelines (MCMG) and how to locate additional Medicare resources and tools on our [CareFreeAgency.com](#) website.

Reminder: Our Compliance Team offers a compliance review of any agent/agency communications or marketing materials. This ensures you're protecting your business and staying in compliance with the latest CMS guidelines.
