

Marketing Material Updates

Multicarrier Marketing Materials

In support of the [CMS marketing material regulation announced in October](#), we have filed generic (non-carrier specific) multiplan materials with CMS. We have begun to add these to our website at carefreeagency.com/marketing under **Multiplan Marketing Materials**.

Materials in this section will include a pop-up attestation listing the carriers who opt-in for the material use. You should intend to sell one of the approved carriers when using these pieces. You will need to be RTS with at least one approved carrier. Carriers can opt-in at any time so it's important to check for updates.

Medicare Basics Presentation Update

The Medicare Basics presentation and talking points have been updated with the 2022 Medicare cost sharing amounts. Talking points are a guide to the information on each slide. You do not need to read these verbatim. Make the presentation your own!
