Aetna Senior Supplemental Kits

Just go to the agent side of aetnaseniorproducts.com and select **Order supplies & download forms** from the home page.

On the left side of the page, you'll see the list of states where they offer products. Under each state, you'll find the following options:

- Enrollment kits for paper submission
- Enrollment companion kits - Electronic submission (for use with Aetna Quote & Enroll)
- Items (only items that are not included in kits)

When you're ready to order kits or items, just click the "Add to cart" button. If you need to change the quantity of items in a kit, you can do that from the checkout screen.

When you're ready to complete your order, click the shopping cart icon at the top right of the page. You can change the quantity of kits and items on the shopping cart page and then choose the "Check out" button. If you provide an email address, you'll receive a confirmation email and shipping updates from O'Neill Digital Solutions.

Any orders placed through the new system will arrive in packages labeled "O'Neill Digital Solutions." Shipping times will be the same as they are today.

Note: To download the digital files of materials, just click the cloud icon to download PDF files of the materials. There's also an eye icon to preview the material before downloading or ordering.
